

BYLAW # 3-58:

A Bylaw of the Village of Beechy to provide for the establishing and regulating of a Scavenging System:

The Council of the Village of Beechy, in the Province of Saskatchewan enacts as follows:

1. The removal of household refuse in the Village of Beechy shall be done by a person in the employ of the Council, or the Council may contract with one person to do such work, and except as hereinafter mentioned, no householder or other party shall remove or dispose of any refuse or garbage.
2. All household waste, whether consisting of animal or vegetable substance, and provided the same contains no liquid matter, shall be placed in a suitable covered receptacle provided by the householder and kept in a place convenient for removal by the authorized scavenger.
3. Garbage containers must be of metal construction with tight fitting lids, and shall not exceed 17 gallons in volume.
4. All other receptacles not so designed shall be treated as rubbish and removed by the collectors.
5. Sufficient containers must be supplied to hold on e week's collections.
6. All garbage should be drained of moisture and securely wrapped.
7. All trade and household combustible material must be burned in incinerators of approved design, and located to the approval of the Fire Chief.
8. Ashes shall not be placed in garbage containers.
9. All garbage containers shall be placed on garbage stands of approved design, as described on schedule 1 of this bylaw, . Stands shall be located inside the property line.
10. If the householder, after receiving notice from the Village of Beechy to provide a proper garbage receptacle, neglects to do so, the Council may provide such receptacle at the expense of the householder.
11. All slops and liquids, after straining and retaining of solid substances must be disposed of in a covered cribbed cess-pool of approved design as described on schedule 2 of this bylaw.
12. The proprietor or management of any places of business where large volumes of slops and wash water are created and which are located where Town water and sewer services are not available, must provide water-tight tanks or chambers to contain all liquid wastes; such waste must be removed when necessary to the waste disposal grounds.
13. The waste disposal grounds provided by the Village of Beechy is the only authorized place for the deposit and disposal of any filth or refuse created in the Village, and anyone found guilty of dumping elsewhere anything directly or indirectly noxious, offensive, or dangerous to health, shall be guilty of an offence.
14. If any person fails, neglects, or refuses to do anything which he is required to do by this bylaw, such thing may be done by the Council at the expense of the person in default and the council may recover the expense thereof with costs by action in any court of competent jurisdiction or in like manner as municipal taxes.
