Spring 2025 Newsletter

1. 2025 Assessment

2025 Assessment

Assessment Notices were mailed out earlier this month. Every four years, there is a revaluation of all properties in the province. This revaluation does not include a physical inspection of the property. The values assigned are a fair market value and this means that the 2025 values seen on notices reflect a property's value as of January 1, 2023. The Saskatchewan Assessment Management Agency (SAMA) is responsible for the governance of Saskatchewan's property assessment system, and because valuation is *historical*, SAMA cannot consider sales or rental information of properties after January 1, 2023 for this year's 2025 revaluation. The assessment roll is now open and available for viewing during regular office hours until May 15th 2025. Assessment appeals are to be directed to the Secretary of the Board of Revision at: secretary@westernmunicipal.ca no later than May 15th 2025.
