

Village of Beechy

Summer 2024 Newsletter

Communication and rate payer satisfaction are of the utmost importance to the Village of Beechy Council. The Village of Beechy will be sending out quarterly news updates with the utility bills to keep everyone up to date on the exciting things happening in our community. If your organization has something they would like added to the newsletter please reach out to the Village of Beechy Office at beechy@sasktel.net or 306-859-2205. Follow us on Facebook!

Upcoming Municipal Elections-Election Day November 13th 2024

Do you want to be actively involved in the local democratic process? Do you have valuable experience or knowledge to contribute to our community? Are you honest, respectful and a natural leader? Then we invite you to consider running as a candidate for council this year! The Call for Nominations will begin this fall. Please contact the Village Administrator or scan the QR code for more information on running for council.

Yard Maintenance

Summer is here- even if the particularly high rainfall might suggest otherwise. With that added moisture comes quick growth of grass and weeds. The Village of Beechy would like to remind its residents of their responsibility to keep yards well maintained. For more information about your requirements as a property owner, please refer to [Bylaw 09-16, The Nuisance Abatement Bylaw](#), which can be found online at beechy.ca or at the Village of Beechy office.

Beechy Ambulance

In order to keep our local ambulance in service, we are in need of more attendants. Please contact Margaret Housek, Sandi Loughheed, or a Village of Beechy councilor for more information.

Sewer Lines

Inappropriate items being flushed down the toilet can (and has) created community sewer and lagoon issues. Although chemical products help in the breakdown of sewage, no chemical is strong enough to dissolve some of the items being introduced to our sewer system. Not only is it time consuming and costly to the Village to snake and jet sewer lines- but a serious plug could form in the lagoon inlet pipe, resulting in major backups and costly repairs.

Keep these items out of the sewer and throw them in the garbage instead:

- * Feminine hygiene products
- * Baby/Personal Care Wipes
- * Diapers and condoms
- * Paper towel and tissue paper
- * Cotton swabs/balls/ Q-tips
- * Fats, oils and grease
